Student Wellbeing Leader News

We are aware of some incidences of students going through difficult times whether it be from family circumstances or through difficulty with friendship groups. Below is some contact information and links that may be useful to help your child or yourself to deal with the problem.

**Bullying No Way**
http://www.bullyingnoway.gov.au
The Bullying No Way website provides parents and students with strategies and resources to deal with bullying. It also points you in the right direction for what steps should be taken if you are having an issue with bullying.

**Kids Helpline**
http://www.kidshelpline.com.au
1800 55 1800
The Kids Helpline phone number and website provides children the opportunity to speak to trained professionals about any issues they may be facing, either over the phone or through live chat (on the website). The website also has a range of resources students can use to work through their problem.

**SRC members will be presented with their badges and certificates of congratulations on Friday at assembly. Please come along and help celebrate the SRC’s fantastic achievement at 9.00am on Friday morning (Week 9).**

If you would like to come and discuss any of the above information or anything to do with your child with me, please contact the office to make an appointment.

Kind Regards,
Tegan Tonkin

**Getting to know Mr Miller**

What made you start teaching?
Family members from my Father’s side were teachers and I always wanted a job that had something to do with sport.

What sport do you play?
Football, cricket and golf.

How long have you been teaching?
Four years.

What’s your favourite subject to teach?
HASS or maths.

What do you prefer teaching? Sport or a class?
Teaching in a class until Mr Yeates decides he has had enough!

**Senior Leader News**

For part of this term and next term, all schools in Australia will be involved in the Nationally Consistent Collection of Data on School Students with Disability. ‘The Collection’ is an annual collection that counts the number of students with disability and the level of adjustment that they are provided with.

Included with this newsletter is a letter explaining more information about ‘The Collection’. Please read it carefully, and if you would like to remove your child from being a part of this process, please fill out and return the slip at the bottom. If you do not ‘opt out’ of the process, your child will be included in ‘The Collection’. Please return the slip to the front office by Friday of week 10 (7th July).

If you have any questions, or would like more information, please feel free to contact Bec Kouma on 8645 8303.

Mixed soccer and netball teams.

---

Please SMS us on 0499 444 438 if your child is going to be absent. You need to include your child’s name, room number and the reason for their absence (eg. family or illness).
Welcome to the last newsletter for term 2. As I look back at the number of events that have been completed by staff and students I am extremely excited at the level of engagement and effort being displayed. This year’s Fun Run raised just over $3400.00. With costs taken from the money by the organising group the school will retain $2074.00. With this added to 2017’s money we have a combined total of $4281.32. Mrs Tonkin will work closely with SRC to identify projects and opportunities to use this money. SRC will be speaking with all classes in an attempt to recommend opportunities. Once we have identified the final project I will announce what we will use the money for. This money goes back to the students as they are the ones that have raised the money. School reports will be sent home soon. Congratulations to staff for completing their reports to a highly professional standard. Students recently represented themselves and their school during the mixed soccer and mixed netball carnivals. Both teams played really well and represented their school with honours. The mixed soccer team were crowned champions for 2018. Our netball team finished in the middle of the pack playing well as a team during every game. STEM—During week 10 Miss Smith and myself are involved in a STEM conference/workshop in Adelaide. We are looking forward to attending this event as it will allow us to identify opportunities to integrate STEM to a higher level into our school and fully utilise the STEM space.

Bryan Rotherham, Principal

Week 6 Award Winners

**Room 1**
- David Warwick
- Elcee Holden
- Chloe McKenzie
- Teyha Sims

**Room 2**
- Hudson Gilbert
- Emerish O’Toole
- Caius Pike
- Brodie Turnbull

**Room 3**
- Ava Upton
- Ruby Jones
- Lily Upton
- Brooklyn Jones

**Room 4**
- Aaron Sandelance
- Blake Smith
- Kyan Rotherham
- Summa Hewitt-Williams

**Room 6**
- Waiata Mau
- Kaiden Templeton
- Maddy Rudd
- Elouise Rodriguez

**Room 10**
- Georgia Scheide
- Lucas Butson
- Natalie Wilkes
- Dean Somerville

**Room 11**
- Bree Toms
- Darno Wilksch
- Taiah Davidson
- Jarred Mudge

**Room 12**
- Jordis Jones
- Junior Horlor
- Gabby Forbes
- Preston Issom

**Room 13**
- Miranda Hurst
- Gemma Lambert
- Jake Haigh

**Room 14**
- Mikayla Harrison
- Natoiyah Horlor
- Aleisha Davidson
- Holly Strawbridge

**Room 15**
- Jarrad Moore-Crofts
- Adyn Bryant
- Elijah Knibbs
- Alison Agius

What’s Happening in Room 3?

Kathy Walker Investigations in Room 3
The students in Room 3 have been very busy during their Investigations time that we have three mornings a week on Monday, Wednesday and Friday. A particular favourite is the makers space that we have created in the corner of the room. In this space students have the opportunity to plan and implement different designs, they can use their creativity to make a variety of works of art, or work collaboratively with their peers on a group project.

I like investigations because we can make things with the connectors.
~ Melody and Max ~

I like working in the making corner and working out how to use the materials.
~ Kaylee ~

We like writing stories about the doll house and drawing.
~ Ava and Brooklyn ~

Community Information

**SCIENCE ALIVE!**
**FREE!**
Sunday 1st July 2018
10 am – 3 pm
UniSA Whyalla Campus
Nicolson Avenue
Whyalla Norrie

All kinds of awesome.
This FREE hands-on science event is presented in partnership with the GFG Alliance, our principal sponsor. For the first time in Whyalla, Marty McBubble’s Scientific Bubble Show is expected to be a huge hit and there will be 40 Questacon exhibits, roaming Daleks, robotics workshops, native animals, a Hitachi electron microscope, inflatable planetariums, slime-making, electric circuits and more. The aim is to show how much fun it is to learn more about the world around us and UniSA will have some great info on their study options.

The Science Alive! Facebook page (sciencelives) has updates and program details.

Port Augusta will host a similar Science Alive! satellite event on Sunday 28th October.
