

BULLETIN #3

Dear Parents/Caregivers

Literacy Program

This year we begin a new program called Read, Write, Inc. This program supports the sites Literacy program being delivered by classroom teachers and support staff. The program was trialled in Room 4 last year with highly successful results. This year, all classrooms will be implementing this program into their daily practice. The program looks different in the Primary years but value adds to the rigorous program these teachers are already delivering. I have been lucky enough to observe this program in action and feel highly confident the teachers will progress learning for all children.

Governing Council

This year's Governing Council has been voted in at the recent AGM. I would like to thank all who attended and look forward to continuing the improvement agenda with this year's council. Please feel free to approach any council member to speak on your behalf at scheduled council meetings. If you have anything you would like to discuss, please put this in writing and hand deliver it to a council member.

I would like to congratulate this year's Governing Council.

Family Night

This year's family night is set to be a wonderful event. The night starts at 4:30 and finishes at 6:30. We will have many activities for the children to participate in and all staff will be available for you to come in and have a chat with. We will have a jumping castle out on the oval and wet activities if weather is permitting. The gym will be open with staff and students playing indoor cricket. The STEM space will also be open and lots of fun and exciting activities happening in there. A free sausage sizzle will be provided for all families and cans of drink will be for sale on the night.

Bryan Rotherham
Principal
