

Primary student use of mobile phones and personal devices

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Once a student hands their mobile phone to their teacher it will be locked in the teacher's desk or filing cabinet for safe keeping.

If the student does not comply

Misuse of personal devices may result in disciplinary action which includes but is not limited to contact being made to Parents/Caregivers.

Roles and responsibilities

School staff

Deliver learning opportunities and maintain a safe and productive learning environment. Take steps to minimise distractions from the non-educational use of personal devices in the learning environment at times when a device is being used by a student in line with an approved exemption or in circumstances where students' devices are stored in the classroom.

Report and respond to incidents of inappropriate use of personal devices in line with department policy and procedures and any legislative requirements.

Make sure that any student personal devices handed in for their care are stored in a secure location and are returned to the student (or their parent).

Model appropriate use of mobile phones and support families to understand the importance of promoting safe, responsible and respectful use of mobile phones to their children.

Students

Comply with the requirements of the school's policy and follow all reasonable directions from the Principal and school staff.

If permitted to use a mobile phone or personal device in line with an exemption under this policy, do so in a safe, responsible and respectful way and support peers to do the same.

Communicate respectfully with others and do not use a mobile phone or other personal device to bully, harass or threaten another person.

Respect others' rights to privacy and do not take photos, film or audio records of other people without their knowledge or permission.

Parents

Support the implementation of the school's policy, including the consequences for non-compliance with the policy.

Use the school's formal communication channels in all instances to communicate with the school (including where a student requires early collection from school). Encourage their child to always report to a school staff member in the first instance if they become unwell or experience an issue at school.

Recognise the important role they play in supporting their child to use their mobile phone (or other personal device) in a safe, responsible and respectful way.

Communication and review

I understand the concerns you may be facing as a result of this action. We will continue to work with families to ensure the safety of all children whilst in our care. We are more than happy to pass messages on to your children at any time during the day. If students need to make contact with families during the school day we will support them and make this happen. **School number 86458303**

This document will be available on the school website once it has been through the Governing Council approval process. Once approved, this document will be up for review in 2 years or until such time that the Department change or modify the policy. Other policies relating to Long Street Primary School can be located on the school's website.

Students have been informed of this new Department policy and have been instructed on the processes they need to follow

Regards

Bryan Rotherham

Principal
